GOOD FOR

Small Intestine

Digestive System

Stomach

SIZE **100 Capsules**

ITEM # **848**

SERVING **2**

SUPPLY **16 days**

DIRECTIONS FOR USE Take 2 capsules with a meal three times daily.

— How the Key Ingredients Work

Small Intestine Detox brings together time-honored herbs and targeted nutrients to help soothe, cleanse, and support your digestive tract from the inside out. Each ingredient plays its own role in keeping your gut comfortable, your digestion running smoothly, and your body feeling its best.

Marshmallow Root — Named from the Greek word for 'to heal,' marshmallow root has been used for centuries to soothe the digestive tract. It forms a gentle, coating layer along the stomach lining that helps ease occasional abdominal discomfort, and its natural plant compounds support the body's own antioxidant defenses and help keep inflammation in check.

Pepsin — Pepsin is your stomach's own protein-digesting workhorse — and this formula includes it to help your body break down the proteins in your food more completely. When protein digestion is running well, you're less likely to experience that heavy, uncomfortable feeling after meals, and your gut has less undigested material to deal with further down the line.
